Glacier National Park

Now that Switzerland is closed to the Tourist World, Glacier National Park in northwestern Montana becomes the Mecca of those who love the rugged mountain scenery and outdoor life.

It is easy to reach Glacier Park for the famous "Oriental Limited" train over the Burlington Route (C. & O. R. R.) from Chicago takes one through to the very gates without change.

Within the Park comfortable quarters are to be had at Glacier Park Hotel and elsewhere, and the Glacier, the lofty mountains, the crystal lakes filled with gamey trout, the atmosphere of bigness ruling everywhere, are never to be forgotten.

Those in charge of Glacier Park have seen to it that the cost of visiting and living there is not excessive, and I would like to send you some of our illustrated booklets which tell you all about it, and about the cost of going there and seeing all there is to see.

If you will give me your address, I will gladly send you copies free of charge, and answer any questions about the Park that you may wish to ask.

**SOCIAL AND PERSONAL****Baked Sale.**

The Otterbren Sisters, of Duff Street United Brethren church, Stealey Heights, will hold a baked sale at Lawman's store, at that place, beginning at 9 o'clock Saturday morning. The proceeds will be devoted toward the building fund of the new church.

**Dance Monday Night.**

To dance the new dances—the one-step, hesitation, fox trot, the Pavlova, Gavotte and the other new steps that are in vogue now in the East, it is essential that the music be good. Playing popular dance music has always been a feature with the Cadenza orchestra. Just as soon as the gay crowds in Atlantic City and New York are humming and whistling new songs, the Cadenza orchestra is playing them here. This is probably the reason the orchestra has played for more social functions and dances in this state than any other organization.

Monday night the Cadenza orchestra will play a dance and concert at Traction Park. A special car will be run from Clarksburg to accommodate the large crowd that has already been made up here. Shinnston, Enterprise and other nearby towns will take advantage of the special service.

Traction park has long been re-

garded as the ideal place for dances during the warm months. The Cadanza will give regular dances and concerts every Monday night during the season, if the patronage is justifiable.

Special car service has been arranged and an extra car will be supplied on the regular interurban train leaving here at 6:30 o'clock. The full orchestra will appear and Manager Hall has the assurance of more than fifty couples from Monongah, Fairmont and other points. It is expected more than a hundred couples will attend.

**Sewing Club Entertained.**

Dull, Faded or Lifeless Hair Quickly restored to Its Natural Beauty.

If your hair is anything short of perfect; if it is losing color, too dry, brittle, thin, or if the scalp burns and itches, you should immediately begin the use of Parisian Sage. The first application of this safe and always reliable tonic removes every trace of dandruff, cools and invigorates the scalp and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies all hair needs and does not injure either the hair or scalp. It contains the exact elements needed to make the hair soft and wavy, and to make it grow long, thick and beautiful. It is a delicately perfumed liquid—not sticky or greasy—that can be had at Wells-Haymaker Co., or any drug counter.

Parisian Sage acts instantly—one application stops the head from itching and freshens up the hair. You will be surprised and delighted with this helpful toilet necessity, for nothing so quickly beautifies the hair, giving it that enviable charm and fascination.

Parisian Sage is one of the quickest acting hair tonics known— inexpensive and easily used at home.—Advertisement.

**WHISKEY IS LABELED**

OLIVE OIL AND LIKE.

CHARLESTON, June 18.—Italian miners near Montgomery, Fayette county, have been receiving shipments of whiskey and other intoxicants recently under such labels as "Olive Oil," "Tomato Sauce," and others as misleading, according to information received here by United States Attorney W. B. Barnhart. The federal statute requires that all interstate shipments of liquors shall be plainly labeled as such, and the penalty for such violations as cited is heavy. An investigation has been started.

**MR. FLEMING**

(Continued from page 1.)

to do bigger things and do them better. Mr. Fleming has done many big things in the Monongalia valley region, but the last and biggest was the electric railroad from Fairmont to Mannington and a considerable distance beyond which he projected and, after overcoming many obstacles and the opposition of covetous financiers of power, built.

Thomas W. Fleming's personality is attractive and pleasant. His smile is perennial, his handclasp hearty. He is a man who likes to meet people and loves to argue with his fellows. He is thoroughly democratic; the good old American slang word, "mixer," fits him like a glove. He can think and talk on his feet before an audience, and he is happy when it is impromptu. He isn't an orator and lays no claim to any particular ability in that line, but he has it in a fairly enough measure at that to make a speaking campaign. His talk is direct and businesslike, reminiscent of Mark Hanna's way which made him in such demand in the McKinley campaign.

Thus is this new figure in congressional politics that the people of the First district will soon be getting acquainted with. He is pretty much of a man through and through and, whether he wins or loses in the primary, it is a pleasing sign of sound and good party health in West Virginia when men like "Tom Fleming" confess an ambition to be allowed to enter the public's service.
